To our

Sponsors:

7:30 AM-9:30 AM

INSTRUCTOR- NORM BARTLET,
CREATIVE SENSOR TECHNOLOGY

Flow Sensor Design, Installation and Troubleshooting:

This session will discuss how flow sensors work, how to incorporate them into an irrigation system, accessories and how to troubleshoot with some hands on demonstrations.

2.0 credits - \$40.00 for IANE and IA members and \$50.00 for non-members.

9:30 AM-11:30 AM

INSTRUCTOR- CHRIS PINE, C. PINE ASSOCIATES INC.

Understanding and Troubleshooting Communication Technology for Irrigation Systems:

Today, even many residential controllers have remote accessibility and this is rapidly changing the skills required of the irrigation technician. We will explore the different methods of communication technology used and how to troubleshoot and repair.

2.0 credits - \$40.00 for IANE and IA members and \$50.00 for non-members.

11:30 AM-4:00 PM (INCLUDES LUNCH)

INSTRUCTOR-CHRIS PINE, C. PINE ASSOCIATES INC.

Managing an Irrigation Service Company:

This is the newly UPDATED version of the popular IA class, which discusses what the irrigation contractor needs to be successful in the irrigation maintenance, repair and water management business, especially with all of the new technology that allows for remote access, monitoring and management. Topics include operations, service agreements, marketing and pricing.

4.0 credits - \$80.00 for IANE and IA members and \$100.00 for non-members .

4:00 PM- 6:00 PM

Instructor :Stephen McDonald , ISCO Industries, Inc.

HDPE Piping in Irrigation:

We are seeing more and more HDPE piping in commercial irrigation system. This seminar will discuss the materials, design, installation techniques and repair from basic to advanced.

2.0 credits - \$40.00 for IANE and IA members and \$50.00 for non-members.
